& Dial-in 360° Colors

Diva-Lite® LED DMX

Diva-Lite® LED has three menu options, one white and two color menus. With white light Kelvin range is from 2700K to 6500K with **Dimming**, **Kelvin** and **Green/Magenta** control channels. In the color menu, Kelvin range is from 2500K to 9900K, with three additional channels, **Gel**, **Hue Angle** and **Saturation**. The Gel channel includes Kino Flo presets and over 100 well-known lighting gels. The second color menu provides individual red, green, blue (**RGB**) control.
