Description

The camRade ledpanelBag 24" is created for 24" LED panels. This bag can safely carry two 1x2 panels. On the inside a special compartment is added to store the filters.

The bag is made of 1000 denier Cordura® fabric and YKK® zippers and has a reinforced frame which offers great protection for your gear.

The pouch on front of the bag has 4 dividers to safely store smaller items. The flap with straps allows you to also transport the stands of the panels, without damaging the panel itself.

The bag can be carried by the suede top handles or the supplied removable and adjustable suede shoulder strap with soft padding.
