

## DLOBML DEDOLIGHT ON BOARD MINI LED

### A SINGLE, HIGH-POWER LED

- **Amazing output** in combination with the Dedolight double aspheric optics.
- **Focuses** like a Dedolight. LED lights are not usually focusable.
- No other focusing LED light compares - 4° to 56°.
- **Smooth** light distribution in all and every focusing position.
- Wide angle flip-down diffuser for 70° angle, smoothly covering the widest zoom and widening the beam more horizontally than vertically (1:1.66).

After all, we don't shoot round pictures...

- Clean, sharp, single-edge barn door shadow OR a very gentle light and shadow transition with the flip-up wide angle diffuser in place
- Converts from daylight to tungsten via a dichroic flip-down filter
- Color rendition and color distribution is cleaner than comparable LED lights.

- Adjustable support arm allows it to be positioned above and forward.
- Dims extremely smoothly from full blast all the way down to zero without any color change.

- Powers from any 6V to 18V DC power source.
- Optional battery shoe is compatible with Sony and Panasonic mini-DV batteries.
- NP-F550 7.2V, 2000 mA, 105 minute run time.
- NP-F750 7.2V, 4000 mA, 210 minute run time.
- NP-F950 7.2V, 6000 mA, 330 minute run time.

When dimmed to 50% light output, power consumption drops accordingly resulting in twice the run time. Alternative power from any Anton/Bauer or PAG system, car cigarette lighter output or battery belt.

- Power consumption is only 8W despite its high output.
- Operates from -40°C up to +40°C.
- LED power available indicator.
- Frontend bayonet allows you to add future attachments and light modifiers.

**DLGA200**  
Articulating arm,  
200 mm. Square top  
male shoe or 1/4"  
male to camera.

**DLOBML-BS**  
Battery shoe for  
Sony NP-F battery.  
Fits DLOBML.

**DLOBML-XLR**  
0,65-1,30 m (25"-51")  
coiled cable with 4-pin  
XLR-male connector.

**DLBSA-S**  
Female shoe to  
1/4" male.

**DLB-NPF550**  
7.2 Li-Ion battery,  
14.8 Wh (2000 mAh).

**DLOBML-SWIT**  
0,55 m (22") cable,  
Ø 2,1/5,5 mm  
(Ø 0.080"/0.218")  
plug for Swit battery.

**DLBSA-T**  
Female shoe to  
1/4" female.

**DLB-NPF950**  
7.2 Li-Ion battery  
43.2 Wh (6000 mAh).

**DLOBML-PAG**  
0,55 m (22") cable,  
Ø 2,1/5,5 mm  
(Ø 0.080"/0.218")  
plug for PAG connector.

**DLBSA-M**  
1/4" male to mini  
shoe for Sony mini  
camcorder  
(use with DLBSA-T).

**DLCH-NPF**  
Charger for NP-F  
batteries  
100-240 VAC.

**DLOBML-CAR**  
cable 1,8 m (6 ft)  
with connector for  
car cigarette lighter

**DLBSA-U**  
Square top fits  
DLOBML, goes to  
female shoe.

**DLPS-12**  
12 V power from  
100-240 VAC.

**DLBSA-HAND**  
female shoe  
with handle

**DLBSA-3S**  
Triple shoe  
with tilt lock.

**DLOBML-P**  
Soft pouch  
for DLOBML.

**DLBR5**  
rail with 1/4"  
screw for camera  
shoe for Ledzilla

**DLA-ML**  
Square top fits  
DLOBML, accepts  
16 mm baby stud  
(5/8").

**DLOBML-AB-S**  
0,22 m (8.6") cable with  
Anton/Bauer connector.

**DLBRHS**  
rail with 1/4" screw  
for camera and handgrip  
(can be folded flat) with  
shoe for Ledzilla

**DLBF-8AA**  
External battery  
holder for 8 AA  
batteries.

**DLOBML-AB-L**  
0,55 m (22") cable with Anton/Bauer  
connector.

**DV3GA**  
suction mount Ø 7,5 cm  
(3") with vacuum pump  
and articulating arm
