

S-8D58

Li-ion Battery for Panasonic AJ-PX270/285

Introduction:

◆ **Larger capacity**

S-8D58 offers 43Wh / 6000mAh larger capacity, will last more than 2 hours on Panasonic AJ-PX270/285.

◆ **4-level LED power indicator**

S-8D58 has the 4-level LED power indicator, to give a quick view of remaining power before using.

◆ **7.2V pole DC output socket**

Like most of SWIT DV batteries, S-8D58 also offers a 5.5mm standard DC output socket, to power the other on-camera devices simultaneously.

◆ **5V/1A USB power output**

Press the "power check" button, the 5V/1A USB socket will supply power for mobile devices. You can use S-8D58 as a temporary power station.

◆ **Charging**

You can use Panasonic original charger DE-A88 or SWIT new dual channel charger S-3602D to charge the S-8D58.
