### Removable Design Makes it Easier to Use and Switch Out Multiple Hard Drives

The ST4's newly designed removable drive trays can accommodate 3.5" HDDs, 2.5" SSDs, and 2.5" HDDs. In addition, the silver and black trays share the same structural design, making them compatible with all Stardom 3.5" HDD enclosures.

- Connects via **Thunderbolt 2** ports, up to 20 Gbps data transfer rate
- Supports SATA hard drives (up to 6 Gbps) and SSDs
- Provides multiple RAID tasks: JBOD (None RAID), RAID 0 (Striping), RAID 1 (Mirroring), and HyperDuo
- Provides multiple devices with increased speed and flexibility via Daisy Chain
